Summary

Urban Planning graduate with practical experience in GIS, site planning, and infrastructure project support. Contributed to a research project titled "Observatory for Salinity in Coastal Village of Bangladesh" a collaborative research initiative involving Yale University and Massachusetts Institute of Technology (MIT), USA, handling soil sample collection along with the geo coordinates, sorting, on-field electro-conductivity measurement surveys, and lab testing of the collected samples.

Academic Credentials

Bachelor of Urban and Regional Planning (BURP) *February, 2022 – August, 2026*
Khulna University of Engineering & Technology (KUET) *CGPA: 3.40 (out of 4.00)*

Higher Secondary Certificate (Science) *Year: 2020*
New Govt. Degree College, Rajshahi *GPA: 5.00 (out of 5.00)*

Secondary School Certificate (Science) *Year: 2018*
Rajshahi University School, Rajshahi *GPA: 5.00 (out of 5.00)*

Work Experience

Intern *22nd Feb, 2026 – 14th March, 2026*
Khulna Development Authority (KDA) *KDA Building, Shivbari, Khulna*

Project:
CNG/Auto Richshaw Stand design and feasibility check in Dakbangla Mor, Khulna, under Khulna Development Authority (KDA)

Responsibilities:

- Digitized road elements and built the GIS database for the road infrastructure, ensuring accurate spatial representation of existing site conditions.
- Sketched and mapped road elements to support engineering design and planning documentation.
- Prepared Longitudinal Section (Profile) and Cross Section drawings using Autodesk Civil 3D to support road alignment design.
- Used GIS tools to organize, manage, and analyze spatial data throughout the project's design and planning phase.

Research Work

Thesis
A Phase-Separated Spatiotemporal Graph-Transformer Ensemble for Daily to Monthly Rainfall Forecasting in Coastal Bangladesh.

Published Journal Papers

A graph clustering neural network framework for mapping urban functional zones in a fast-evolving urban landscape of Bangladesh.
May 2026
City and Environment Interactions 30:100401
DOI: 10.1016/j.cacint.2026.100401

Technical Skills

GIS & Remote Sensing

- GIS Platform : ArcMap, ArcGIS Pro, Google Earth Engine, Google Earth Pro
- Spatial Analysis : GIS-based Analysis

Data Analysis

- Statistical Analysis : MS Excel, SPSS
- Survey Tools : Google My Maps, Google Form

Design & Drafting

- Planning & Design : AutoCAD, Civil 3d
- Office Suite : MS Word, MS Excel, MS PowerPoint, MS Project
- Design & Editing : Canva

Soft Skills & Languages

- Languages : Bangla (Native), English (Fluent Working Proficiency)
- Soft Skills : Leadership, Effective Communication, Team Management, Adaptability
- Field : FGDs

Certifications

- "Observatory for Salinity in Coastal Village of Bangladesh" a collaborative research initiative involving Yale University and Massachusetts Institute of Technology (MIT), USA Project Participation Certificate, 2026.
- "CASE CRACK" organized by KUET Business & Entrepreneurship Club (KBEC) Participation Certificate, 2022.

Awards & Honors

- University Merit Scholarship for Outstanding Academic Performance *2022 – 2025*
- Talent pool Scholarship in Junior School Certificate (JSC) Examination *2015*

Extracurricular Activities

- Organizing Secretary, KUET Film Society *2025 – 2026*
- Executive Member, KUET Film Society *2023 – 2024*
- Class Representative, Department of Urban and Regional Planning, KUET *2022 – 2023*
